

Our SGP staff is concerned about the undocumented people in our congregations during this COVID-19 crisis. We decided to apply for a PDA emergency grant for refugee & asylum related needs, specifically so we can buy gift cards for refugees in our churches. If you have undocumented people in your church and did not get an email directly from Wendy Gist asking you the questions below, please send her the following:

1. How many undocumented individuals and families attend your church? Please send a total number of adults and children. If you have families where the parents are undocumented, but the kids are not, please count them all since that family will not be getting government assistance.
2. From where would gift cards be most appreciated? Vallarta or another grocery store or Target?

If the Presbytery gets the grant, we will buy the gift cards and distribute them to each church's pastor according to the need. We will leave it to the pastor to distribute the gift cards to the parishioners as appropriate. Thanks for getting back to Wendy Gist soon.

Please email Wendy your responses at gist.wendy@gmail.com
