Structural Racism and Representation Survey

The Presbytery Executive Commission wants to help our Presbytery confront and work towards dismantling structural racism. We have created a survey to reflect some ideas and opportunities we want to offer. Please take a few minutes and respond for yourself and/or your church. We would appreciate it if you would pass this survey on to members of your church, so we can have large participation in the survey. Thank you. [Click here to access the survey.](#) The survey

today. In this presentation, we will look at how these two issues actually overlap. First, we'll look at biblical foundations for environmental ethics. Then we'll look at racial dimensions of the environmental issues we face here in the L.A. basin. In the end, we'll see that these are not two completely separate issues, and that Christ's call to reconciliation involves them both.
