From Board of Pensions Church Consultant Kristen Leucht

Learning about Saving for Retirement For Employers – CalSavers is the retirement savings program California created to help people save for retirement. While most California-based employers with five or more employees are required to participate in CalSavers unless they offer their own plan, churches are not currently required to participate. However, now may be a good time for you to consider a retirement plan for the employees at your church. The Board of Pensions offers a Retirement Savings Plan of the Presbyterian Church (U.S.A) for pastors and church employees. If you would like to find out more about this
