PRESBYTERY NEWS

The Opposite of Reparations

A reflection by Rev. Wendy Tajima,
Executive Presbyter

A Note on Re-Opening:

We anticipate that many changes will come into effect on June 15, but we have not received any definitive guidance yet. In a telebriefing last Friday, the L.A. County Health Officer seemed to say that he expects virtually all guidance (and restrictions) for churches to be removed on June 15, except he does not yet know about the continued use of masks, and there continue to be guidelines for activities with young people (preschools, schools, camps-- these will apply to Sunday School and church camps). Cal-OSHA has, however, ruled that starting on June 15, all employees must continue to wear masks in their workplace unless every person they interact with are known to have been vaccinated.

From Board of Pensions Church Consultant Kristen Leucht

Learning about Saving for Retirement

For Employers – CalSavers is the retirement savings program California created to help people save for retirement. While most California-based employers with five or more employees are required to participate in CalSavers unless they offer their own plan, churches are not currently required to participate. However, now may be a good time for you to consider a retirement plan for the employees at your church.

The Board of Pensions offers a Retirement Savings Plan of the Presbyterian Church (U.S.A) for pastors and church employees. If you would like to find out more about this Retirement Saving Plan, we are hosting two virtual sessions to discuss the Retirement Savings Plan and explore similarities and differences between it and CalSavers. See more information about these virtual sessions or opportunities for financial counseling for those with BoP Retirement Savings Plans with Fidelity [here](#).

Job Opportunities

Claremont Presbyterian Church is seeking a part-time Livestream Coordinator

Part time: 10-15 hours per week including in-person work on Sundays and some holidays

The role of Worship Tech Coordinator is to take the lead in overseeing the livestream and audio visual worship needs of the Church; including leadership of volunteer technical teams for Sunday Morning Services and other worship events needing production and tech support. The right candidate has sufficient technical abilities to help advance our live-stream ministry.
